PARKTOWN DNA

The Parktown DNA encapsulates our values: Those aspects that we want to live up to in the numerator and those anti-values we want to avoid and eradicate in the denominator:

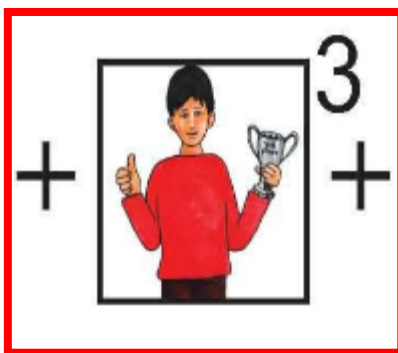

FEATURED ANTI-VALUE: 'Poor Performance'.

From our Z-Card (Bottom line):

Low standards and expectations are not acceptable.
 Poor performance will be met with severe consequences.

Vivid example: We might not be able to win all the time, but all the time we are expected to do our very best in the classroom, on the field and at home.

PA MEETING
 The next PA meeting will be held on the 21st September (Tomorrow Evening) at 6pm to urge all parents to get involved in the upcoming Heritage Run.
